

**LEAGUE of WOMEN
VOTERS** TM OAK PARK / RIVER FOREST

**Oak Park Township Board
7:07 pm, May 10, 2011**

Ruth Foley, Observer

Present: Supervisor Boulanger, Trustees Davis, Keenan & Reid, Clerk White, Manager Morgan, Attorney Garofalo & Collector Taglia

Discussed and approved contracts for architectural services for work on the new Senior Center. The local firm of Heitzman Architects was selected because of their experience with accessibility issues, extensive work with seniors and familiarity with the permit process. They were budget conscious and will use as many local people as possible.

The Board received one application to fill the vacant Trustee position. The discussion was deemed to be a personnel issue and was held in executive session after the regular meeting.

Brief reports were given from:

Youth Services: The Township is still talking with the River Forest Park District about funding to support Youth Services. Discussion continues on high school issues--closed campus and drug and alcohol use by teens.

Community Mental Health Board: Requests for Proposals are out for an anti-stigma program.

Senior Services: Senior Appreciation week was a big success.

Manager: Final version of Policy Statements/Mission, Goals and Objectives is finished.

Supervisor: The new Township brochure has been sent to the printer and will be available before Day in the Village.

Meeting adjourned to executive session at 7:25 pm.
